

Seamless, Door-to-Door Delivery

CLX Logistics intermodal service is reliable, safe, affordable and significantly more eco-friendly than long haul truck where destinations of over 700 miles are required. With a single contact for booking and tracking orders, our seamless door-to-door domestic and international intermodal transportation is the ideal shipping solution for companies of all sizes.

Multi-modal, Multi-beneficial

Intermodal transportation combines the best qualities of truck and rail transportation to deliver superior service and savings to shippers. CLX Logistics intermodal service provides this cost effective transportation from the shipper's plant to the consignee – with comprehensive tracking and monitoring – all on a single bill-of-lading. Our expertise in transportation logistics enables CLX Logistics to take the mystery out of intermodal transportation – providing our customers the full advantage of intermodal benefits including:

- Up to 40% savings utilizing intermodal vs. shipping over the road
- All inclusive door-to-door management of intermodal container shipments
- Specialized ISO containers providing for payloads up to 45,000 lbs and ease of use for loading and unloading personnel
- Volume purchasing of rail, tank truck, depot and tank cleaning services ensuring lowest responsible cost per load
- Intermodal facilities and carrier selection based on performance, experience and safety, not price alone, resulting in consistent, reliable service to our clients
- Infrastructure and assets to ensure equipment availability where and when it is needed
- Ability to utilize the container throughout the entire route of movement, eliminating the need to transfer your product and maintaining the integrity of your shipment
